

## LOW INTENSITY LASER THERAPY

Regeneration... Repair... Recovery

Scientifically controlled clinical trials indicate Laser Therapy has diverse application with profoundly positive results for:

- Pain & Inflammation
- Tendonitis & Bursitis
- Lymphoedema
- Sporting Injuries
- Sprains & Strains
- Scarring
- Burns

Alchemy at Mt Keira is the first private centre in the Illawarra region to offer specialist, 'state-of-the-art' technology in the Low Intensity Laser Scanner.

Highly qualified in the practice of Laser Therapy, Jan Hunter and Jan Payne are experienced in recommending and designing individualised care plans. Call to discuss your needs.
